

# #ClimateVigil

## BE A #CLIMATEVIGIL LEADER

#CLIMATEVIGIL IS A GLOBAL CAMPAIGN TO INSPIRE MILLIONS OF CHRISTIANS TO PRAY AND ACT FOR CLIMATE SOLUTIONS.

### #ClimateVigil Leaders will:

- Attend a Zoom training on October 12 from 8-9 pm ET.
- Secure a COVID-safe space to view the broadcast (anywhere with an internet connection will do) and to host a candlelit vigil on Saturday, November 6. Churches, homes with masks, or even Zoom are all great options.
- Recruit friends, family, and fellow church members to attend the viewing and vigil.
- Provide supplies for the vigil (i.e. candles, lighters, signs, posters, vigil liturgies, refreshments). The campaign has funding to cover all costs incurred, and will provide liturgies—you just need to print them!
- Send out media advisories and press releases to local media. We will provide templates and training on how to do this.
- Continue the conversation with those who attend about how to turn your prayers into action!

### The #ClimateVigil campaign will support you with:

- A toolkit with everything you need to host your event (sample recruitment language, social media graphics, a press kit, liturgy, et. al.).
- A webinar training where you will gather with other leaders across the country to receive orientation to the toolkit, practice hosting your vigil, and ask any questions you might have.
- A stipend to cover the costs of supplies, food, and other necessities.
- A dedicated staff member in your corner every step of the way.

### You should host a vigil if you:

- Are passionate about helping the church act faithfully to address climate change.
- Want to take meaningful action in community that will fill you with hope in the face of the climate crisis!
